Standard disclaimers apply, as per the earlier errata thread on the PDF.

This thread will remain locked to keep it clutter-free. Consider this post the official errata list for current PDF products.

If you have an issue that you believe needs attention for possible errata treatment, *post it to the Rules/Q&A forum with a subject line beginning with [Errata]*. Otherwise, I may not notice it for a while. Please mention product, page number and section heading in your post. Once an errata issue is resolved, I'll flag it with **[Resolved]**. Or with something snarky, if it turns out to not be a mistake in the book. 😏
